

Please do not allow the LPFM stations to take priority over current FM stations. I am a constant listener to K-LOVE radio station in Casper, Wyoming. We may only be a community of 50,000, but K-LOVE is a positive station for many, many of our youth. By displacing or stopping K-LOVE our children would not have the same positive, parent-endorsed programming that they need and we support. K-LOVE is a cry across the air-waves for family values, encouragement, and positive, loving living. Please consider this before you decide to take action against this and many other FM stations.

Thank you.

Sincerely,

Elizabeth A.Z. Ostrander
